

# ILLINOIS PSI TEST CENTERS

PSI Test Centers in Carbondale, Champaign, downtown Chicago, East Peoria and Peoria, Galesburg, Glen Ellyn, Carol Stream, Naperville, Springfield, Westmont and Evansville, IN are proctored by onsite personnel. Other locations use remotely proctored testing stations that monitor candidates with three digital cameras and a sensitive built-in microphone. Proctors in these locations communicate with candidates on-screen during the test and pause the exam whenever unauthorized persons or activity appear in video monitors or in audio recordings. The proctor will pause the exam whenever a candidate leaves the testing station or an interruption occurs. The proctor may end the test if an interruption is not corrected appropriately. Each remotely proctored test station also is equipped with noise-cancelling headphones to help candidates screen out distractions if they wish to use them. All other rules are the same for examinations in on-site proctored and remotely proctored locations.

Directions and other information about each test location follow and are available on the PSI website. Testing locations are subject to change. Candidates should verify the location of each test center in their admission notice after they schedule an examination.
