PSI NATIONAL TESTING – GENERAL INFORMATION

The Nail Tech Guide to Testing provides test takers with information about the PSI National Tests and application process for a Nail Tech license in Tennessee.

The Tennessee Board of Barber and Cosmetology Examiners has contracted with PSI to conduct the National Barber and Cosmetology Program (NBCP) testing in their state. PSI provides tests through online proctoring computer-based theory testing, online practical testing, and a network of testing facilities within Tennessee. PSI works closely with the State of Tennessee to be certain that our tests meet local as well as national requirements in basic principles and test development standards.

TEST APPROVAL

Test takers must be pre-approved to take the test. The education provider will provide an eligibility electronically to PSI upon a student's successful completion of the course requirements. Email confirmation will be received immediately after the document been submitted.

After the provider has submitted the document to PSI, test takers will go to **http://test-takers.psiexams.com/tncosmetology** or call 1-(855) 340-3710 to pay testing fees and schedule for their test. In the case PSI does not have a test taker eligibility record on file, test takers need to contact their education provider to submit the documentation to PSI.

The PSI National Master Nail Tech Theory test is offered in Vietnamese and Spanish, as well as English in Tennessee.

NAME CHANGE INSTRUCTIONS

If a Test takers name differs on any paperwork, they will need to provide documentation of legal name changes. We may require marriage certificates, or other legal documents, additional documentation may be required if the name has changed multiple times.

TEST PAYMENT AND SCHEDULING

Test takers must pass the National Nail Tech Theory test before they may schedule the National Nail Tech Practical test. Test takers have 3 years to pass both tests to qualify for licensure. Once both tests are passed, they have 6 months to apply for a license.

TENNESSEE TESTING FEES

Nail Tech Theory Test only	$67
Nail Tech Practical Test only	$67
Nail Tech Reinstatement	$35

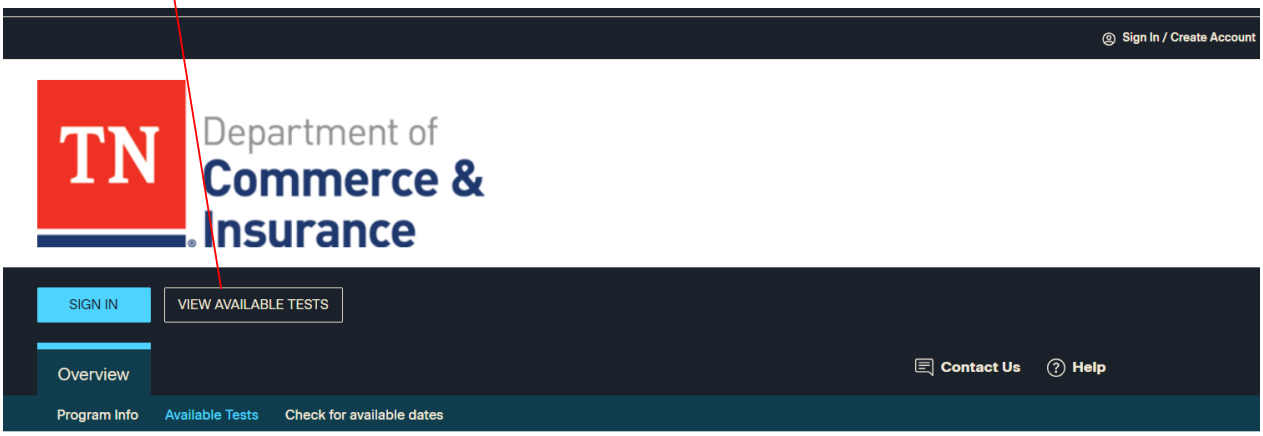

NOTE:
TESTING FEES ARE NOT REFUNDABLE OR TRANSFERABLE. TESTING FEES ARE VALID FOR ONE YEAR FROM THE DATE OF PAYMENT.

ONLINE REGISTRATION

PSI online registration is fast, easy, and available 24 hours a day, 7 days a week! This is the most preferred and convenient way to schedule and pay for a test. Test takers may use this service by going to the PSI web page https://test-takers.psiexams.com/tncosmetology

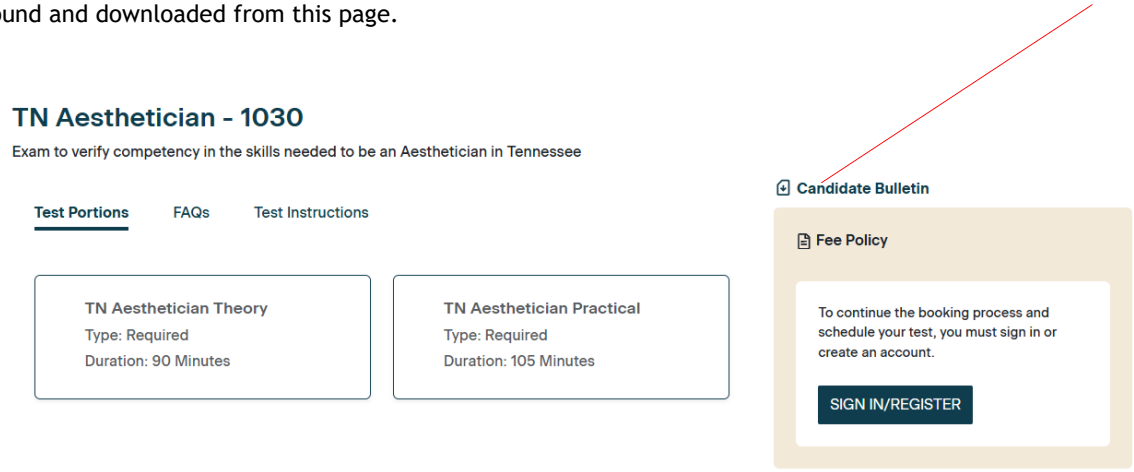

Select "VIEW AVAILABLE TESTS"

Test takers scroll to find their "test and administration" (onsite - test center)

Once testing choices are made, test takers will need to create or sign into their PSI account, pay the test fees, and schedule their online test or test location, date, and time. The Candidate Bulletin ("Test Taker Guide TTG)" is found and downloaded from this page.

Follow the easy on-screen directions to pay and schedule for a test.

SIGN IN TO A CURRENT PSI ACCOUNT OR REGISTER FOR A NEW ACCOUNT

When a test taker selects their test and delivery method, they will be then asked to SIGN IN/REGISTER

If the test taker has *ever* created an account with PSI they will need to continue with that same account. Please enter the username and password the account was created with.

If the password is lost, test takers may click on the "Forgot Password" to reset their account password.
If test takers have difficulty entering their PSI account, please contact PSI Customer Service at (855) 744-0314 and request the assistance of a PSI testing professional. Once signed in, test takers follow the on-screen instructions to pay for and schedule their test.

IMPORTANT! DO NOT CREATE ANOTHER TEST TAKER ACCOUNT!
SEE THE INFORMATION BELOW

RETURNING TO AN EXISTING ACCOUNT

If a test taker with an existing PSI account is having issues logging into the system, **please *do not* create new account** to attempt to bypass the old account. Creating a new account will only confuse the PSI system. The system the does not know which file to choose and will not allow their information to become available.
Test takers use the login information they currently have with PSI. If that does not work, please contact PSI Customer Service at (855) 744-0314.

DELETING A DUPLICATE ACCOUNT

If a test taker is certain another account exists, follow the instructions below to delete the duplicate account. Please go to https://test-takers.psiexams.com

1. Click on "FIND YOUR TEST"
2. Click on "Barber & Cosmetology"
3. Locate your State and Industry – use the dropdown menus
4. At the top right, click "Sign In / Create Account"
    a. If there is an existing account at https://test-takers.psiexams.com, please use the existing username and password.
    b. If these instructions do not work, test takers will need to send an email to OADelete@psionline.com with their Name and email address and request that they delete the old online account.
    c. After confirmation has been received that the duplicate account was deleted, test takers can create a new account.
5. After logging in, click on "MANAGE" at the top and continue.

Test takers who encounter questions or difficulty with registration, account location, paying, scheduling, or other issues, please *do not* call the Georgia Board of Cosmetology & Barbers, as they do not have any information to aid test takers in their registration process. Please contact PSI Customer Service at (855) 744-0314.

REGISTRATION BY TELEPHONE

Test takers may also choose to schedule over the telephone.

- To register by phone requires a valid credit or debit card (VISA, MasterCard, American Express or Discover).
- Call (855) 340-3710, Monday through Friday, between 6:30 AM and 9:00 PM CST, and Saturday-Sunday between 8:00 AM and 4:30 PM CST, to speak to a live Customer Service Representative.

CANCELING OR RE-SCHEDULING A TEST

Test takers may cancel and reschedule a test without forfeiting the fee if PSI receives a confirmed cancellation at **least *48 hours prior* the scheduled test**.

To cancel a test, use the PSI web page http://test-takers.psiexams.com/tncosmetology or call PSI at (855) 340-3710, Monday through Friday, between 6:30 am and 9:00 pm, and Saturday-Sunday between 8:00 am and 4:30 pm, Central Time, to speak to a Customer Service Representative.
Leaving a voice mail message will *NOT* cancel a test, test takers need to speak to a live Customer Service Representative.

LATE CANCELLATION OR MISSED TEST

Testing fees will be forfeited for the following reasons.

- The test taker *does not cancel the test* at least 48 hours prior to the scheduled time.
- The test taker *leaves a voice mail message* to attempt to cancel the test.
- The test taker arrives at the location *after the test start time*.
- The test taker is a *no-show* for the scheduled test.
- The test taker does not present *proper identification* when arriving for the test.

TEST TAKER ACCOMMODATIONS

All PSI testing centers are equipped to provide access in accordance with the Americans with Disabilities Act (ADA) of 1990. PSI will meet test taker accommodations. A test taker who will require an accommodation to take a test, must create an account and register to take a PSI National test prior to their request.
The instructions to request an accommodation are listed on the **Test Accommodations Request Form** available by Clicking Here.

Requirements for a testing accommodation request:

Test takers are required to submit documentation from the medical authority or learning institution that rendered a diagnosis. Verification must be uploaded to PSI on the letterhead stationery of the authority or specialist and include the following:

- ✓ Description of the disability and limitations related to testing.
- ✓ Recommended accommodation/modification.
- ✓ Name, title and telephone number of the medical authority or specialist.
- ✓ Original signature of the medical authority or specialist.

INTERPRETER INSTRUCTIONS - Test takers are responsible for paying the interpreter directly. PSI does not provide an interpreter but can assist the test taker in locating one. PSI requires a signed waiver from the test taker that states that they have no relationship with the interpreter. Should PSI suspect a potential conflict of interest between a test taker and an interpreter, PSI has the right to independently select an interpreter, with the test taker paying the fee.

Test takers who require test accommodations, must create an account in the PSI system prior to requesting an accommodation.

TEST REVIEW

In cooperation with the Tennessee Board of Cosmetology and Barber Examiners, PSI will consistently evaluate all tests being administered to ensure that the tests accurately measure competency in the required areas of knowledge. Comments may be given in writing to the test proctor at the conclusion of the test. Test takers may also submit comments on their computer during the theory test. Comments are entered by clicking the Comments link on the function bar of the test question screen.

Comments will be received by the PSI test development staff. PSI will not respond to individuals regarding these comments; however, all comments are reviewed. In the case a discrepancy is found, PSI and the State Board could re-evaluate test takers' results and adjust them accordingly.

This is the only method to review theory test questions available to a test taker. There is no review process for a practical test.

REPORTING TO THE TESTING SITE

Test takers should arrive at least 30 minutes prior to their scheduled testing start time. This allows time for test takers to sign-in and provide PSI with identification verification and be seated.
Test takers who arrive after the start time, will not be admitted to the testing room, and will forfeit all their testing fee(s).

REQUIRED IDENTIFICATION FOR ENTRY TO THE TEST

Test takers are required to provide 1 form of identification.

- I.D. must be a VALID, government issued identification (driver's license, state ID, passport), which bears the test taker's name exactly as it appears in the test registration, with signature and photograph, or a complete physical description.

Again, all identification must display the test takers name *exactly* as it appears in the test registration form.
Test takers who are not able to provide the required identification must call (855) 340-3710 at least 21 days prior to the scheduled test, to discuss possible solutions to this test requirement.
Test takers failing to provide all required identification at the time of the test is considered a missed test, and they will be dismissed.
***Military ID cannot be used for admission in an online test. If a test taker only has a military ID to utilize for admission, the test taker must test at an official PSI Testing Center location where the ID will be accepted.**
***Government issued temporary paper IDs are acceptable form of ID when presented with the expired ID.**

GENERAL SECURITY RULES AND PROCEDURES

The following security procedures will apply during the test:

- Test takers may take only approved items into the testing room.
- All personal belongings of test takers should be placed in the secure storage provided at each site prior to entering the testing room. Personal belongings **include**, **but are not limited to**, the following items:
  - **Electronic devices of any type, including but not limited to; cellular/mobile phones, recording devices, watches, cameras, pagers, laptop computers, tablet computers (e.g., iPads), music players or headphones (e.g., iPods), smart watches, radios, or electronic games.**
  - **Bulky or loose clothing or coats:** For security purposes outerwear such as, but not limited to open sweaters, cardigans, shawls, scarves, hoodies, vests, jackets, and coats are not permitted in the testing room. **In the event test takers are asked to remove the outerwear, appropriate attire such as a shirt should be worn underneath.**
  - **Hats or headgear not worn for religious reasons** or as religious apparel are prohibited including but not limited to hats, baseball caps, or visors.
  - **Other personal miscellaneous items**, including purses, notebooks, reference or reading material, briefcases, backpacks, wallets, pens, pencils, other writing devices, food, drinks, and good luck items, etc.
- Although secure storage for personal items is provided at the testing site for convenience, PSI is not responsible for any damage, loss, or theft of any personal belongings or prohibited items brought to, stored at, or left behind at the test site. PSI assumes no duty of care with respect to such items and makes no representation that the secure storage provided will be effective in protecting such items. If prohibited items are found during check-in, test takers will place them in the provided secure storage or leave these items outside the restricted area at their own risk. PSI is not responsible for the security of any personal belongings or prohibited items. Any test taker possessing prohibited items in the testing room shall immediately have their test results invalidated, and PSI shall notify the government officials in the state in detail of the occurrence.
- If a test taker leaves any items at the test site after testing and items are not claimed within 30 days, items will be disposed of or donated, at PSI's sole discretion.
- Person(s) accompanying a test taker may not wait in the testing center, inside the building or on the building's property. This applies to guests of any nature, including drivers, children, friends, family, colleagues, or instructors.
- No smoking, vaping, eating, or drinking is allowed inside the testing center.
- During the check-in process, all test takers will be asked if they possess any prohibited items. Test takers may also be asked to empty their pockets and turn them out for the proctor to ensure they are empty. Proctors will ask to inspect any such items in their pockets. Test takers may also be asked to lift the ends of their sleeves and the bottoms of their pant legs to ensure that restricted items do not enter testing areas.
- Proctors also carefully inspect eyeglass frames, tie tacks, or any other apparel that could be used to harbor a restricted device.
- Any test takers seen giving or receiving assistance on a test, found with unauthorized materials or devices, disrupting the administration of a test, or violating any security rule of procedure, will be asked to surrender all test materials and to leave the testing center. PSI will notify government officials in the state in detail of the occurrence.
- Copying or communicating test content is violation of the test takers contract with PSI, and federal and state law. Either may result in the disqualification of test results and may lead to legal action.
- Once the test begins, test takers may obtain permission from a proctor to leave the testing room if an emergency arises or to use the restroom. Test takers will not receive extra time to complete the test for leaving the testing room for any reason.

NAIL TECH THEORY AND LAW TESTS

The theory and law tests are administered using a computer, a mouse and computer keyboard.

IDENTIFICATION SCREEN

Test takers will be accompanied to a testing station. Once test takers are seated at their testing station, they will be prompted to confirm their name, identification number, and the test for which they registered.

TUTORIAL

Before a test taker begins a test, an introductory tutorial is provided on the computer screen. The time used to watch the tutorial is not deducted from any test timing. The tutorial takes up to 15 minutes, sample questions are introduced during tutorial so a test taker may familiarize themselves on how questions are written and how to review the answers given.

TEST QUESTION SCREEN

During the test, only one question will appear on the screen at a time. The timer feature displays the time a test taker has remaining to complete their test. Note: Even though a test taker has entered a response to a question, the system will allow the response to be changed anytime the test is active. One a test taker signs out of a test or timing expires; this feature will no longer be available.

EXPERIMENTAL QUESTIONS

In addition to the number of test questions specified in the "Test Content Outline". There are a small number of "experimental questions" may be administered to test takers during the tests. There are typically at least five (5) experimental questions on a test. The results of these questions not included in the final test takers score. Administration of such unscored experimental questions is an essential step in developing future PSI tests.

NAIL TECHNICIAN THEORY PORTION

The test content outline is prepared and is periodically updated by committees of professionals who are subject matter experts in Manicuring, Manicuring instruction, or regulatory issues. The test content outline identifies areas of importance to licensees for them to perform their duties on the public in a competent and in a safe and responsible manner.

The content outline lists topics that are on the test and the number of questions for each topic. We advise test takers not schedule a test until they are familiar with the topics on the outline. Test takers may use this outline as a guide as well as the test references as a guide for a pre-test review.

NAIL TECHNICIAN THEORY CONTENT OUTLINE

The following content outline lists the topics that are on the test and the number of questions for each topic. We recommend not scheduling a test until a test taker is familiar with all topics in the outline. The Nail Technician test consists of 85 scored questions and 10 non-scored experimental questions. To better prepare for the PSI National Nail Technician Theory Test, test takers can now review by taking an online practice test. Go to https://test-takers.psiexams.com/tncosmetology for more information and to register!

* Practice tests are intended to aid test takers with test questions to study. The purpose is to familiarize a test taker date with the general types of questions that will appear on a licensing test. Questions are **NOT** a substitute for education and study. Scoring well on the practice test also will not guarantee a positive outcome on the actual licensing test. This is the ONLY official PSI study for the tests, PSI does not recognize nor endorse other study guides that may be offering information on the PSI National Nail Technician program. The PSI practice tests are offered to review an unlimited number of times; however, a fee is assessed for each review.

OBTAINING A DUPLICATE SCORE REPORT AND/OR LICENSE APPLICATION

To request a duplicate score report and/or a license application after leaving the test, test takers may email scorereport@psionline.com or call Customer Service (855) 340-3710.

PSI NATIONAL PRACTICAL TEST- IMPORTANT GUIDELINES

General rules for testing:

Prior to registration, test takers should familiarize themselves with the following instructions to be properly prepared to sit for a test. For practical test questions or concerns, test takers and instructors please contact PSI Customer Service at 855-340-3710.

- During the practical test, test takers must follow all appropriate rules for client protection that will ensure the health, safety, and welfare of the public.
- A proctor will be monitoring time during the test. Personal timers are not allowed in the testing room. Test takers will not receive a score for any activities not completed within the allotted topic area time limits. When the proctor gives an instruction to "Please stop working", test takers are to immediately stop what they are doing, stand quietly, and wait for the next instruction to be given.
- Test takers are required to prepare and bring a closable container ("supply kit"), with all products, supplies, and equipment necessary to perform the topic areas included in the Practical test. The suggested container dimensions should not exceed 24" wide, 24" long and 24" high. This will allow the test taker to place the supply kit under the table when not in use. There are no *supply lists* or *suggested supplies* for the PSI National Tests. PSI recommends the test taker bring the equipment and supplies needed to perform a topic area as they would in their own professional environment.
- Test takers are *required* to bring to the test, two containers to dispose of used items. One marked "single use" and one marked "multi use". All items used in the test are categorically disposed of in one of these containers.
- Products that are *not* grouped as "dangerous chemicals" by OSHA and are required to be listed on an actual business SDS sheet, may be fictious with a self-created or actual label attached. Some other substance may be used inside the container to simulate a product.
- Chemical products that are required to be listed on SDS sheets in an actual business, are required to be used from the original container with an original manufacturer's label attached or in a container with the manufacturer's label attached.
- Labeling on products must be in large print, legible, and clearly visible for the evaluator to observe.
- Absolutely NO aerosols are allowed into the testing area.
- Disinfectant containers must have the manufacturer's label attached and legible. Disinfectants used must have **virucidal, bactericidal, and fungicidal** properties listed on the manufacturer's label.
- Monomer being used for the test must be factory-sealed and manufacture-labeled as a "low odor or odorless" product. Product not meeting the test requirement will not be allowed into the testing room.
- Test takers may not observe other test takers during the test. PSI views and responds to this behavior as form of cheating. The test taker will be warned up to and including dismissal from the test. Please focus on individual tasks and do not depend on viewing the performance of other test takers to be successful.
- Test taker's name and/or school names are to be covered on their person and supplies while in the test.
- The number one safety rule in the industry is: "Following Instructions". There is no necessary or required style or technique a school needs to teach, or a test taker needs to perform. All topic areas are observed in the manner a Nail Technician would normally complete a task. Tasks should be taken seriously and performed as instructed in the test and to the highest skill level they are capable. Scores are based on the test taker displaying a solid knowledge of workplace Infection Control and Safety Precautions.

WORKPLACE INFECTION CONTROL PRECAUTIONS

Test takers need to be familiar and follow all workplace infection control precautions. Here are some examples of the expectations of the test as well as an everyday business to familiarize a test taker with some of the industries infection control standards.

- Cleaning hands before starting a service. Knowing when hands become contaminated and keeping them clean as to not infect a client or themselves.
- Keeping the supply kit from becoming contaminated, such as: returning items to the kit, leaving a kit open or otherwise contaminating a kit. The supply kit represents a clean and disinfected storage in a barber's workstation and should be treated as such.
- Knowledge of single-use and multi-use items and where to dispose of them properly.
- Disinfecting workstation surfaces and keeping them from becoming contaminated. If a worksurface becomes unhealthy a test taker has the knowledge to know when they would require the station to be cleaned and disinfected.
- Knowing how to use and dispense products without contamination. For example, double dipping, or any other cross contamination with the skin or worksurfaces.
- When items are set on a contaminated work surface, they may not be inserted into product containers or touch dispensing tips of bottles and jars.
- Keeping clients from becoming contaminated by the nail technician.
- Keeping containers being used free from contamination.
- Making sure tools are clean and disinfected.
- If a body fluid becomes present during a service (i.e., blood, vomit, feces), how a professional deals with the situation without contaminating themselves and others.

WORKPLACE SAFETY PRECAUTIONS

Test takers also need to be familiar and follow all workplace safety precautions. Here are some examples of the expectations of the test as well as an everyday business to familiarize a test taker with some of the industry safety standards.

- A Nail Technician must know and have a working understanding of workplace safety regulations issued by federal and state regulatory entities.
- Cross-contamination of chemicals and products on the workstation.
- Chemical mixing procedures, storage of chemicals, and SDS sheets.
- Keeping the workstation safe from injury, cleaning up spills, and picking up dropped items. Reducing a slip and fall or tripping incidents.
- Making certain tools and equipment are in safe working order, no frayed or exposed wires, rusty metals, etc.
- Tools and equipment are used in a safe manner.

KITS/SUPPLIES AND EQUIPMENT

Test takers are required to prepare and bring a closable container ("supply kit"), with all products, supplies, and equipment necessary to perform the topic areas included in the Practical test. The suggested container dimensions should not exceed 24" wide, 24" long and 24" high. This will allow the test taker to place the supply kit under the table when not in use.

There are no *supply lists* or *suggested supplies* for the PSI Practical National Tests. PSI recommends the test taker bring the equipment and supplies needed to perform a topic area as they would in their own professional environment. There are no right or wrong supplies or right or wrong techniques to demonstrate a topic area. Professionals learn and do tasks as they learn in school, apprenticeship programs, or manufacturer training. Please demonstrate topic areas with the equipment and supplies and as taught in school or during apprenticeship or training and as test takers will continue once licensed, demonstrating their *utmost attention* to public health and safety. (See and follow the Infection Control Precautions and Safety Precautions listed in this guide for examples.)

IMPORTANT NOTICE

A PSI Evaluator may not score a test taker who is a current employee, employer, or co-worker, or is related to the evaluator by family, personal or financial interest, or other relationship. If a test taker knows the evaluator that is assigned to them falls into one or more of these categories, they must notify the site proctor/supervisor immediately. In the case an evaluator has observed and scored a test taker in violation of this policy, the test results may be voided.
Evaluators are responsible for observing and scoring a test taker's performance and are not allowed to converse with test takers except to provide a general salutation. Test takers who ask questions will be told one of two statements "Do the best with what you have" or "Demonstrate as you learned". Evaluators do not instruct nor discuss test results in any way. Direct all score questions and/or concerns to PSI Customer Service at (855) 744-0314.
