EXAMINATIONS BY PSI LICENSURE: CERTIFICATION

This Candidate Information Bulletin provides you with information about the examination and application process for an Esthetician licensee in the State of Michigan.

The Michigan Department of Energy, Labor & Economic Growth (referred to as the Department) has contracted with PSI licensure:certification (PSI) to conduct the examination program. EXAMINATION REVIEW

PSI, in cooperation with the Department and Michigan Board of Cosmetology, will be continually evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required knowledge areas. Comments may be entered on the computer keyboard during the examination. Your comments regarding the questions and the examinations are welcomed. Comments will be analyzed by PSI examination development staff. While PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. If an error affecting examination results is discovered as a result, which occurs very rarely, the examination results of all affected candidates will be automatically adjusted. This is the only review of the Theory examination available to candidates. There is NO review process for the Practical portion of the exam.

SECURITY PROCEDURES

The following security procedures will apply during the examination:

- No children, notes, books, briefcases, backpacks, hats, cellular telephones, or pagers are allowed in the examination area. (Note: There is no space to store these materials at the examination center.) Small purses (size of a wallet) will be permitted. Larger purses cannot be taken to the candidate's seat
- **NO** smoking, eating, or drinking will be allowed at the examination site.
- Copying or communicating examination content is a violation of PSI security policy. Either one may result in the disqualification of examination results and may lead to legal action.
- **NO** personal items are to enter the testing center. PSI will **NOT** be responsible for any personal items and suggests that you leave them locked in the trunk of your car.
- You may **NOT** bring any notes (e.g., written task lines on containers), cheat sheets, task lines, or candidate information bulletins into the examination site, nor may you refer to them during the examination.

IMPORTANT NOTICE FOR ALL CANDIDATES

Due to many complaints from the buildings' tenants, PSI (and the properties which house the PSI test centers) cannot accommodate any individuals other than the person who is being tested and their model (when applicable).

PSI understands that test candidates are often comforted by having guests accompany them to their exams. It may also be necessary for a guest to drive the candidate to the test center. However, incidents from previous guests have prompted warnings from Property Management. For this reason, PSI has adopted the following policy concerning guests.

“Person(s) accompanying a test candidate may not wait in the test center, inside the building or on the building's property. This applies to guests of any nature, including drivers, children, friends, family, colleagues or instructors.”

Models are allowed to enter the testing center, but all models must exit the building once their involvement in the exam has ended.

There are facilities nearby such as shopping malls, stores or restaurants where guests may go while the candidate takes a test. Please take the time to visit those locations instead of waiting in or around the building.

Also of note, many candidates have been arriving hours before their scheduled exam time. This is not necessary. Please plan to arrive 30 minutes before the start-time of your exam. This will provide plenty of time for check-in.

Thank you for your understanding and for your cooperation.

ESTHETICIAN THEORY PORTION

Note: You must pass the practical portion of the examination before you can schedule to take the theory portion of the examination.

You will be taking the PSI Esthetician Theory portion by computer. You do not need any computer experience or typing skills. You will use fewer keys than you use on a touch-tone telephone. All response keys are colored and have prominent characters. An illustration of the special keyboard is shown here. You may also use the mouse.

IDENTIFICATION SCREEN

You will be directed to a semi-private testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

TUTORIAL

Before you start your examination, an introductory tutorial to the computer and keyboard is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes,

DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice using the keys, answering questions, and reviewing your answers.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

EXAMINATION QUESTION EXAMPLE

During the examination, you should press 1, 2, 3, or 4 to select your answer or press “MARK” to mark it for later review. Or you may simply click on the box to the left of your answer with the mouse. You should then press “ENTER” to record your answer (or click on Next with the mouse) and move on to the next question. A sample question display follows:

IMPORTANT: After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out or you have not ended your examination.

PRETEST ITEMS

In addition to the number of examination items specified, a small number of “pretest” questions (5) may be administered to candidates during each examination portion. These questions will not be scored and the time taken to answer them will not count toward examination time. The administration of such non-scored experimental questions is an essential step in developing future licensing examinations.
