- ◆ Measurements
- ◆ Schedules
- ◆ Types

Safety and Employee Protection including MIOSHA (5 questions)

- ◆ General safety requirements

- ◆ Personal protection equipment
- ◆ Ladders and scaffolds
- ◆ Roof and ladder jacks

Suggested Study Materials

The study materials listed here should be helpful to candidates preparing for the M&A Contractor examination.

Except for the Michigan Laws, Rules, Codes and Standards, neither the Department nor PSI endorses any of the materials listed. However, we try to ensure that the references are currently available and consist of recognized industry standards.

If the answer to a specific examination question could differ because of conflicting information contained in the suggested study materials, the legal requirement, such as a law, regulation, board or commission rule, or building code, takes precedence over (overrides) any other reference. If two legal requirements appear to conflict, the Michigan specific law, regulation, board or commission rule, or building code, takes precedence over the national one. Information from the suggested study materials listed here takes precedence over information from all other sources or persons.

This is only a sample of the available reference materials that contain information about the professions. These materials contain neither all of the general trade knowledge required to be competent in any specific area nor all of the information on which you will be tested. Also, please

be aware that reference materials may go out of print or be otherwise unavailable.

Please contact a library, community college, currently practicing builder or contractor, Code enforcement agency, or other specialists in the profession for additional information or reference material.

These examinations are CLOSED BOOK, so the following reference materials suggested as study resources are not allowed in the examination center.

- *Building Officials and Code Administrators International, Inc. (BOCA) National Building Code*, 1993, Michigan Department of Licensing and Regulatory Affairs, Office of Management Services, Bureau of Construction Codes, P.O. Box 30255, Lansing, MI 48909, (800) 323-1103. Purchase Required.
- *Carpentry and Building Construction*, 2004, 5th Edition, John L. Feirer and Gilbert R. Hutchings, Glencoe Printing Company, 15319 Chatsworth, Mission Hills, CA 91316, Item #0026682788. Purchase Required.
- *Construction Safety Standards*, Standard Number: All applicable and relevant parts, Construction Safety Standards Commission, Michigan Department of Licensing and Regulatory Affairs, Safety Standards Division, P.O. Box 30015, Lansing, MI 48909, (517) 322-1845. Price: \$10.00 for complete set of construction standards.
