#### **EXAMINATION CONTENT OUTLINES**

### **EXPERIMENTAL ITEMS**

In addition to the number of examination items specified in the "Examination Content Outlines", a small number (5 to 10) of "experimental" questions may be administered to candidates during the examinations. These questions will not be scored. The administration of such unscored, experimental questions is an essential step in developing future licensing examinations.

## **STUDY MATERIALS**

Neither the Nebraska Department of Insurance nor PSI specifically endorses any particular study materials. When candidates complete the examination, they will receive a score report marked "pass" or "fail" along with diagnostic information. Candidates may use the diagnostic report as a guide for studying before their next test administration.

#### **EXAMINATIONS**

Each exam will cover the Nebraska statutes and general principles sections, as well as the specific content for each line. Be sure to review the appropriate exam content outline to determine what topics are covered in the comprehensive exams.
